

Business Rules

Rule-based Decisioning

4 Business Rules Modeling Methods

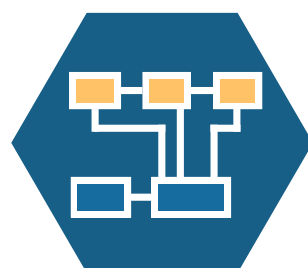

What If Analysis

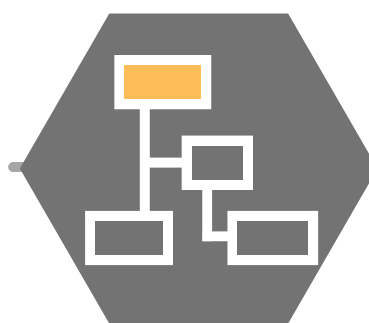

Import and Execute DMN

Boxed Expressions

Facts Concept

Decision Graph

Orchestration

Machine Learning

Data-driven Decisioning

AutoML Model Builder

BYO Algorithms using PMML

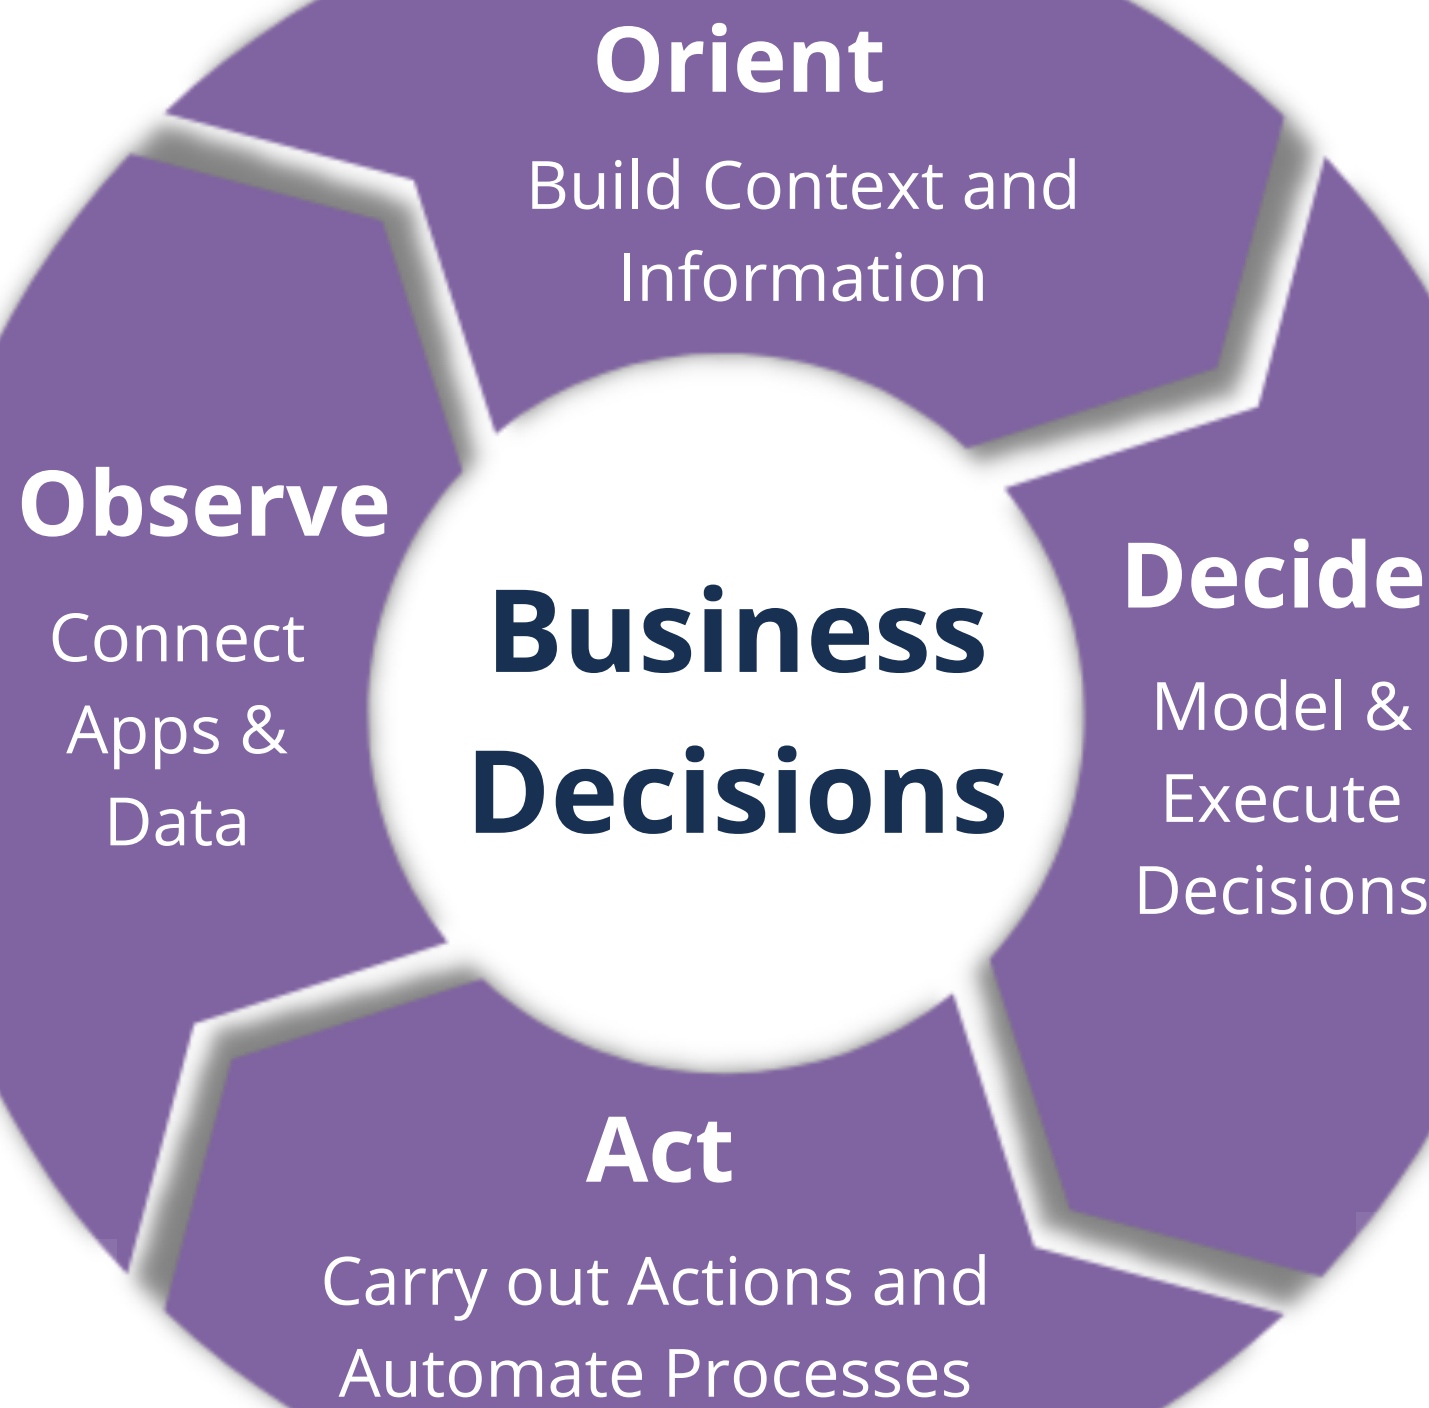

Business Rule Mining

Explainable ML Models

Productionize ML Models

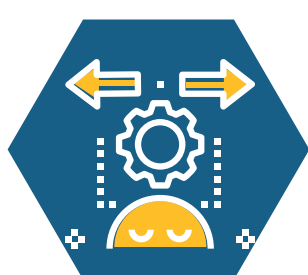

Orchestration

Orchestration

Decision Robotics

Automated Tasks

Attended and Unattended Bots

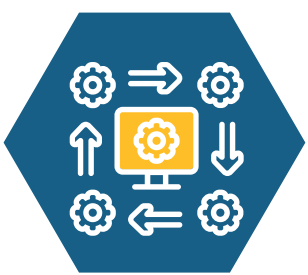

Integrated Business Rules Engine and Workflow Engine

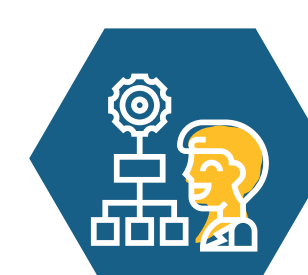

Integrated ML and Decision Engine

Orchestration

Model and Execute End-to-End Process

Enables Human Intervention

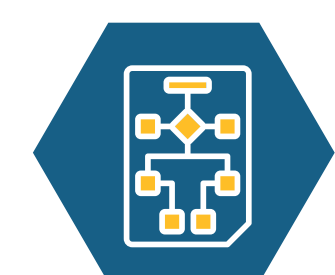

Social Media Automation (Twitter, LinkedIn...)

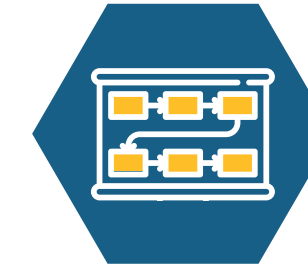

Google Workspace Automation

...and 20+ Data and Apps Adapters

Long-running Workflow

Parallel and Sequential Tasks

Human Workflow

Domain Expert Intervention
